

# Elizabeth Davis

## Senior UX Lead + Product Designer

User-centered Product Designer with a strong foundation in UX and interactive design, known for delivering creative, impactful solutions across remote and agile settings. I thrive in collaborative, cross-functional teams and excel at balancing meticulous detail with big-picture thinking to enhance user satisfaction and engagement. Experienced in managing and mentoring design teams, upholding design standards, and championing best practices, and constantly on a pursuit to learn new things.

## WORK EXPERIENCE

### WEX, Inc. | Senior User Experience Designer

*Senior User Experience Designer (March 2021 - Present)*

*User Experience Designer (August 2019 - March 2021)*

- Responsible for overseeing five direct reports and managing both the long and short term vision across five portals for WEX Health.
- Designing creative solutions for complex problems in health care applications and consumer facing financial platforms.
- Presenting and communicating design decisions to all stakeholders on a regular basis via reports and asynchronous tools.
- Daily collaboration with multiple cross-functional teams at various stages of product development from visioning to final delivery.
- Collaborating with a team of 60+ designers on common design practices, and aligning common practices across lines of business.
- Researching and maintaining our design practices to match best practices based on research in the field.

### Avanade, Inc. | UX + UI Designer

*Senior Analyst (May 2019 - July 2019)*

*Analyst (July 2017 - May 2019)*

- Facilitated regular brainstorming and working sessions with cross-disciplinary teams to move projects from visioning to a complete design strategy.
- Regularly traveled to client sites and worked in agile sprints to ensure on-time project delivery.
- Provided written documentation and verbal presentations of our design solutions and standards to stakeholders when projects were completed.
